

16 February 2012

To: The UNIVERSAL Project Management Company (PTY) Limited

Dear Sirs.

Attention: Mr Marinus Coetsee

Re: Training received from The UNIVERSAL Project Management Company

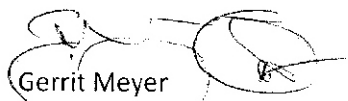

Marinus I write this letter to you as I have a need to express my sincere gratitude and appreciation to you and your company for the training that was provided to me.

Before this training I knew almost nothing about Telecommunications and Drive Test Engineering and Network Engineering, I now within a period of some six months are a qualified Drive Test Engineer and earn a reasonably good salary and package.

Please will you kindly forward my sincere appreciation and gratitude to all at The UNIVERSAL project management company for all their dedication and the excellent and expert training provided to date to get me to this level.

You have indeed changed my life.

Yours Sincerely

Gerrit Meyer
